Special offer for K-12 schools!  
Promotion details inside.

# Lunch made better.

## And breakfast, too.

You're graded every mealtime by the administration, faculty, parents and students. Achieve high marks with the assistance of a RATIONAL SelfCookingCenter®, and advance your school food program by offering nutritious and delicious meals that everyone will line up for again and again.

A favorite of school foodservice directors across the country, the RATIONAL SelfCookingCenter®:

- > Produces large volumes of consistent food
- > Improves kitchen safety and efficiency
- > Prepares nutritious and delicious meals that require less fat and retain more vitamins
- > Captures and documents HACCP data
- > Eliminates manual cleaning

Plus, you gain a new kitchen assistant! With this amazing piece of kitchen equipment, you have the ability to execute scratch cooking using fresh ingredients to increase healthy and tasty meal options.

Efficient and fast production of both large and small quantities improves the taste and appearance of the foods on bars and buffets, and accommodates centralized meal preparation.

The SelfCookingCenter® cooks fully automatically. It's super easy to use, just push a button.

RATIONAL will help you to find creative ways to use the SelfCookingCenter® to lower operating costs, stretch your budget, improve food quality, and cater to diverse and discerning student taste buds.
