

Partner in Education.

For Teaching Kitchens & Gastronomy.

Partner in Education.

Working together for future industry leaders.

RATIONAL is a company of chefs, for chefs. We offer expanded access to best-in-class, multifunctional equipment for teaching kitchens.

As the leading global manufacturer of commercial combi ovens, we are paving the way to enhancing kitchens of the future through continuous innovation.

iCombi, iVario, & iHexagon, new modern digital cooking systems, are being introduced in kitchen classrooms across the USA.

Education is at the heart of everything we do.

What's included in the program?

Equipment, materials, education & collaboration.

Introduce modern multi-functional, cooking equipment and technique to your students.

Equipment

Educational organizations enjoy pass-thru savings on ALL UNITS, stands, stacking kits, and accessories. Certified installation is required. Discount may vary based upon preferred dealer.

Demo or Theatre Kitchen? P.I.E. discounts apply to built-in integration kits and UltraVent Plus recirculating hoods!

Volume Services Curriculum? Ask about Finishing® Systems for modern banquets & catering.

Free Accessories

RATIONAL provides one curated set of accessories per unit type, per learning-lab or install location valued at **\$5,000**.

AutoDose is the new standard, for all table models. PIE partners using AutoDose receive a free box of cleaning and care cartridges.

i = Intelligence

RATIONAL Smart-Kitchen purchases (An iCombi or iHexagon paired with an iVario) receive one set per unit type, per lab/install location, valued at approx. **\$10,000**. See Accessory-Kit details.

Continuing Education

i = Interactive

A RATIONAL Corporate Chef will lead a full hands-on Academy Workshop for Instructors. This session seeks to inspire creative use of technology in the kitchen classroom. All participants receive certificates

This program is approved for **(6) continuing education hours (CEH)** toward the initial or recertification application for **ACF certification**.

Career & Technical Education, CTE

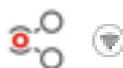

Secondary education and technical high schools are eligible for an extended warranty option. Consult RATIONAL on converting older “Home Economics” classrooms to more Pro-Style kitchens without the need for expensive HVAC.

Curriculum Support + Global Training App

All educational partners receive the RATIONAL Global Training App, plus online video-training resources.

Additional learning collateral in the form of PowerPoint slides, PDF handouts and Application-cooking manuals are provided with the Academy Workshop. Educators may augment existing curriculum with key learning objectives, visual aids, explanations on variable cooking climates, organizational workflow, and facility design.

ConnectedCooking in the Classroom

All PIE partners receive a free set-up and configuration guidance with **RATIONAL's cloud-based networking solution** for professional kitchens. Instructors and students can lead projects storing and sending cooking programs between learning-labs or across campuses, including analyzing **HACCP data** for food safety learning. School or organization must provide open **WIFI** or **LAN** connection.

Special Events & Student Activities

An option to host RATIONAL Live events exists for higher-education and workforce centers. This partnership element can help cultivate relationships with local employers.

RATIONAL can conduct demonstrations or participate with educational student & community events as requested, according to availability.
