Specification

SelfCookingCenter® 61 G (6 x 12 x 20 inch/6 x 13 x 18 inch)

Capacity
- Six (6) Half-size sheet pans (13”x18”) or Six (6) Steam table pans (12”x20”x2.5”) GN1/1
- Removable, swivelling hinging rack
- Vertical distance between rails 2 5/8” (68 mm)

Standard Features
- Gas heated table device for automatic cooking of meat, poultry, fish, side dishes, vegetables, egg dishes, desserts, bakery products and for automatic rethermalization
- Mixed loads with individual supervision of each rack, depending on type, load amount, and the number of door openings
- Optical rack signaling function
- LED cooking cabinet and rack lighting - energy-saving, durable and low-maintenance
- Optical rack signalling function
- Rear-ventilated triple-pane cooking cabinet door, two hinged inside panes (for easy cleaning) with a special heat-reflecting coating
- Combi-steamer according to DIN 18866, DIN 10535 for selective use of steam and hot air, separately, sequentially, or combined
- Integrated Ethernet and USB port
- No water softening system or additional descaling is necessary
- 2-Year parts and labor warranty
- 5-Year steam generator warranty
- No-charge 4-hour RATIONAL certified chef assistance program
- Core temperature probe with 6 measuring points, including positioning aid - automatic error correction in case of incorrect positioning
- 1% - accurate regulation of moisture, adjustable, and retrievable via the control panel
- Comb-combi mode °F/(°C): steam: 85 to 265/(30 to 130), hot air: 85 to 575/(30 to 300), combination: 85 to 575/(30 to 300)
- Individual programming of at least 1,200 cooking programs with up to 12 steps transferable via USB
- Hand shower with automatic retracting system
- Moisturising in 3 steps of °F/(°C) 85 to 500/(30 to 260)
- High-performance fresh steam generator, pressureless, with automatic filling and automatic decalcification

Operation
- Digital, graphically supported overview of the current cooking chamber climate, review and forecast as well as repeat and change options at the end of the cooking process
- Remote control function for appliance using software and mobile app
- Control second unit from the main unit (units must be connected via ethernet or network)
- Real-time information about automatic adjustments on current cooking process
- Self-learning operation, automatically adapts to actual usage
- Intelligent energy-management system controls the energy and airflow, fully automated
- Record mode – determination of the ideal cooking process for calibrated products using the core temperature probe for subsequent use without a core temperature probe, with automatic consideration of the load quantity
- Self-configurable, user-specific operating display 8.5” TFT color monitor and touch screen with self-explanatory symbols for ease of operation
- Application and user manuals can be viewed on the unit display for the current actions

Safety features
- Detergent and Care Tabs (solid detergents) for optimum working safety
- HACCP data output and software update via the integrated Ethernet and USB port
- Safety temperature limiter for steam generator and hot-air heating
- VDE approved for unsupervised operation (e.g. overnight cooking or cleaning)
- Maximum rack height 5 1/4 ft./1.60 m when original stand is used
- Integral fan impeller brake
- Door handle with right/left and slam function

Cleaning and Care
- Self-cleaning and care system for cooking cabinet and steam generator, regardless of the water pressure supplied
- 7 cleaning stages for unsupervised cleaning and care - even overnight
- Automatic cleaning and descaling of the steam generator
- Automatic cleaning prompts indicating the cleaning stage and volume of chemicals in relation to the level of soiling
- Soiling and care status are displayed on the monitor
- Diagnostic system with automatic service notices displayed
- Self-test function for actively checking unit’s functions
- 100% biodegradable Cleaner and Care tabs
SelfCookingCenter® 61 G (6 x 12 x 20 inch/6 x 13 x 18 inch)

All gas units are supplied with 8 ft. 14-3 AWG cord and plug. Dedicated 2 pole circuit breaker required. The 208/240v gas units are 1 Ph L1, L2, G (208v is field retrofittable to 240v) and come with 6-15P. The 120v gas units are 1Ph L1,N,G, and come with 5-15P. Due to GFCI having a 4-6mA tolerance, 208/240v is recommended. Do not use fuses. Special voltages available upon request.

Thermal load and airflow requirements

Latent: 356.5 W
Sensitive: 356.5 W
Unit free standing: 487 ft³/h
One side against a wall: 487 ft³/h
Noise values: 70 dBA

The 120v gas units are 1Ph L1,N,G, and come with 5-15P. The 208/240v gas units are 1 Ph L1, L2, G (208v is field retrofittable to 240v) and come with 6-15P. The 120v gas units are 1Ph L1,N,G, and come with 5-15P. Due to GFCI having a 4-6mA tolerance, 208/240v is recommended. Do not use fuses. Special voltages available upon request.

Clearance Requirements

To facilitate servicing, we recommend leaving a 18”-20” (450-500 mm) gap on the left-hand side of the unit. If there is not 18”-20” (450-500 mm) left side clearance available, provisions for moving the unit or appliance to the left for service access must be made. These include, but are not limited to, having quick connections (water, gas, etc.) and lengthened electrical connections with flexible cords. If there are no external heat sources acting on the unit, there should be a minimum gap of 2” (50 mm) to the left, right, and back of unit. If a high temperature heat source is on the left side of the unit, the left-hand gap must be a minimum of 14” (350 mm). This gap may be reduced to 2” (50 mm) by using a heat shield (see options). Recommended clearance from unobstructed rear exhaust pipes and any surface collecting grease or flammable material; 16” (400 mm) gas, 10” (254 mm) electric. It is recommended to have a hood overhang of 6” (150 mm) to 18” (450 mm) at the front of the unit and 6” (150 mm) on the side if installed at the end of the cooking line. Please refer to the Installation Manual for further technical data and for instructions on installation and setup. Installations must comply with all local electrical, plumbing, and ventilation codes.
GAS OPTIONS
- Natural Gas
- Liquid Gas (LP)

ELECTRICAL CONNECTION ON GAS UNITS (all 60Hz) Special voltages available upon request
- Voltage / breaker / running amps /
  - 120V 1 Ph / 15 / 3.33 / comes with 5-15P cord and plug
  - 208V 1 Ph / 15 / 1.92 / comes with 6-15P cord and plug -field retrofittable to 240 V 1 Ph / 15 / 1.67

ACCESSORIES
- Installation Kits – include quick disconnect gas, water and drainage connection
  - Gas 120/60/1 Ph | 208-240/60/1 Ph 8720.1560US
- RATIONAL Cleaner Tabs without phosphorous – guarantee maximum cleaning power 56.00.210A
- RATIONAL Care Tabs – prevents scale deposits 56.00.562
- Certified installation by RATIONAL SERVICE-PARTNERS See document
- Seven (7) shelf hinging rack 60.61.416
- Preventative Maintenance Kits – door gaskets, air filters, interior light gasket, and light bulbs 87.00.520US
- Available stands – standard (stationary) and mobile (open or closed) See accessories brochure
- Mobile catering stand – especially for heavy mobile catering usage 60.30.890
- Catering kit for mobile catering stand – support frame and feet 60.73.111
- Mobile oven racks and Finishing® plate racks – easier operation of full loads See accessories brochure
- Run-in rail for mobile oven and plate racks 60.61.226
- Transport trolley for mobile oven and plate racks – standard and height adjustable See accessories brochure
- Stackable Combi-Duo kit, – for stacking with 61 gas or electric - options: mobile or feet See accessories brochure
- Heat shield – for installation next to heat source (e.g. range, grill) 60.70.390
- Condensation breaker – to divert steam from the unit into existing hood system 60.72.591
- KitchenManagement System – RATIONAL software to operate units from your laptop / desktop 60.72.660
- RATIONAL USB data-memory stick – for transferring cooking programs and HACCP data 42.00.162
- VarioSmoker – for a large variety of smoked products 60.73.010
- For ideal grilling, baking, roasting, frying, rotisserie, steaming, Finishing®, and much more See accessories brochure

FACTORY INSTALLED OPTIONS (special order)
- Left-hinged door natural gas
- Left-hinged door liquid gas (LP)
- Ethernet cable – for easy connection of LAN cable
- Door safety lock – handle is turned left then right before the door can be opened
- Sous-Vide core temperature probe, includes core temperature probe (both attach externally)
- Externally attached standard core temperature probe
- 3 Core temperature probes for iLevelControl includes core temperature probe (both attach externally)
- Lockable control panel cover
- Control panel protection
- Mobile oven rack package (mobile oven rack + run-in rail)
- Unit with special hinging racks for bakeries and supermarkets
- Integrated fat drain (only in conjunction with UG II or US IV stands)
- Security and prison version
